Expertise in cooperative structure and development

Astrid Newenhouse, Ph.D.

Healthy Farmers, Healthy Profits Project
University of Wisconsin-Madison Biological Systems Engineering Dept.
460 Henry Mall
Madison WI 53706.
608.262.1054
astridn@wisc.edu

The Healthy Farmers, Healthy Profits Project is a research program aimed at helping farmers find tools that increase work efficiency to increase profit. Funded by the Centers for Disease Control and Prevention's National Institute for Occupational Safety and Health, the tools promoted also improve farmer health and safety by preventing injuries and increasing safety. Each tool is described in a "Work Efficiency Tip Sheet" at <http://bse.wisc.edu/hfhp>.
