

NOTICE TO ALL DAIRY EXHIBITORS

If you are entering in Junior Fair or Open Class Dairy, it is necessary for you to complete this form when submitting your entry form.

If you are not bringing a milking dairy animal to this year's Fair, please skip to the bottom of the form and check the box marked "I will not be bringing a milking animal".

If you will be bringing a milking dairy animal to this year's Fair, this form is very important for you to complete.

Since the milk received during the Fair is shipped to the Ellsworth Creamery, we need each producer of milk to identify if their milk is BGH free or not. Ellsworth Creamery became a BGH free milk plant and therefore can not take any milk containing BGH.

_____ I will NOT be bringing a milking dairy animal to the 2016 Pierce County Fair in either the Jr. or Open Dairy department.

_____ I will be bringing milking dairy animal(s) to the 2016 Pierce County Fair

_____ My milking animal(s) is BGH free

_____ My milking animal(s) have been injected with "rbST"
