How Can You Get Involved?

Getting involved with 4-H is easy and costs are kept to a minimum. Unlike other youth organizations, 4-H doesn't require a uniform and there are no national fees. Children select their 4-H project so they can choose one that works well within a family's budget.

4-H programs and clubs typically meet once per month and are available for youth ages 5-13th grade.

Your local 4-H office will help you find the right program for your child and provide you with meeting locations, time commitment and program details.
